Fifteenth Annual Scientific Meeting

From Cell to Therapy

Hong Kong Convention and Exhibition Centre

17 September 2011

First Announcement

Invitation

The Fifteenth Annual Scientific Meeting of the Institute of Cardiovascular Science and Medicine will be held on 17th September 2011 in Hong Kong. The theme of this year's meeting is: "From Cell to Therapy". Cardiovascular disease is a growing problem leading to morbidity and mortality, and carrying substantial long-term social and financial costs. The goal of this meeting is to present new research into both the underlying causes of, and novel treatments for, cardiovascular diseases. Through this meeting, we hope to stimulate new concepts and ideas for understanding cardiovascular diseases, and to encourage collaboration between basic and clinical researchers.

We are delighted to invite you to participate in this exciting meeting.
